*“4 Million Bullets: The Untold Fight for Survival” captures the spirit of the era, exposing the untold story of how the State of Israel was born.*

Next year, we will celebrate a major milestone for the State of Israel: the 70th anniversary of its founding.

There would be no celebration in 2018 had it not been for an extraordinary expression of mass heroism in 1948. Scores of everyday people from North America, South Africa, and Europe – young adults, World War II soldiers, people in business, Holocaust refugees, Jews and gentiles – came together as volunteers in a spontaneous, largely improvised effort to establish a nation for the Jewish people.

Despite impossible odds and nearly insurmountable obstacles, they succeeded.

## Fascinating and Untold Stories

Central American “banana boats” evaded an international embargo to transport European refugees to Palestine;

Elite fighters trained to act like Arabs went underground to infiltrate enemy areas;

A covert group of North American Jewish business leaders secretly raised the equivalent of \$2.5 billion for the cause;

From ragtag Czech war-surplus aircrafts, crew members dropped bombs by hand on their targets;

A young Polish Catholic left his comfortable life in Philadelphia to smuggle refugees and join an elite fighting force in the Galilee;

A Navajo Native American joined the Haganah in support of his American Jewish friends;

An underground bullet factory operated for two years, hidden beneath a fake laundry shop.
